

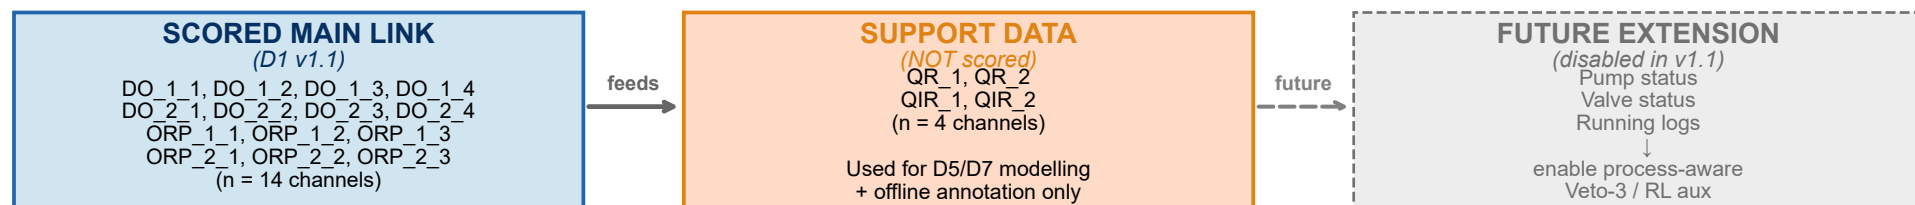

Figure V17. D1 v1.1 scope — DO/ORP scored, QR/QIR offline-support

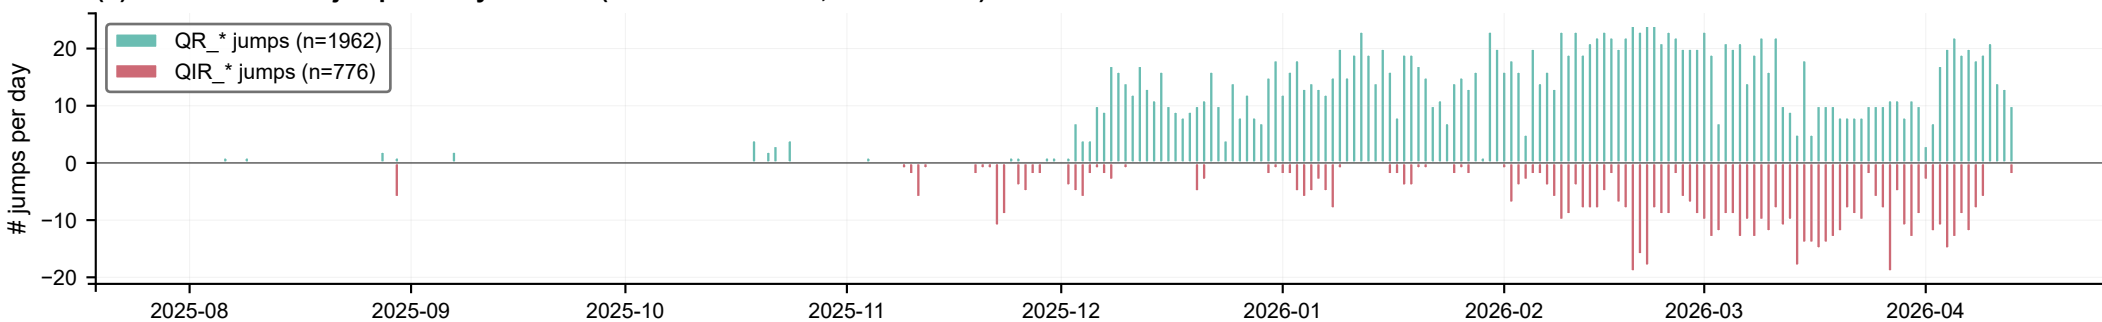

(a) D1 v1.1 scoring scope — DO/ORP only main link (n=14)

Per QR/QIR scoring spec (Apr 2026 revision):

QR/QIR are NOT scored in D1 main link. They feed D5 (mechanistic consistency), D7 (regime templates), and offline case-study annotations only.

(b) Driver-variable jump density timeline (offline annotation, NOT scored)

(c) QR/QIR raw timelines (z-scored, 24h rolling) — for offline reference
